

A rule was passed by the Officers on July 16, 2017, that removes the online copy of the Membership Application from the website. It goes on to further state that applicants must visit the Gun Club on a Sunday morning (with the exception of the 2<sup>nd</sup> Sunday) to request an application from an officer. Somebody should show you around the club ground, explain the rules to you and determine whether or not our club will be suitable with your needs.

This is in direct response to an influx of people wishing to just get the keys to the club without us knowing anything at all about them. We have been receiving applications in the mail without a Full Member sponsor, leaving us to wonder whether they have any idea what our safety (and other) rules are.

We are accepting new Social members, but it must be done on a personal basis from this date forward.

Bob Peterson  
(2017 HGBC secretary)
